DÁ © Jenme Decompose all popular curler sizes for you so you can choose the best for your hair type and curl goals. Are they the different sizes of the rippers? If you are trying to achieve the loose wave aspect, you just have to make sure that you pull the curls out, so no á € "" Á "" too animated. When looking for a perfect curler, the hair type, length and hairstyle you want to achieve an important role. In this video, the charity Grace Leblanc Beauty Blogging Sample HOT Tools Professional Curling Iron 1/2 Inch: 1 inch curly plate The next size is a curly plate of an inch. You can definitely achieve a very glam aspect while you use this curling size and a bit of great aerosol for hair. "The 1-inch plates are OG in style and rippling," Siskovic signs. Depending on the length of your hair, you could definitely create pleasant curls, but because the curler is so big, on your majority you will create some bodily waves. When we talk about a curly iron size, we refer to the diameter of the barrel which, consequently, will be transformed into the diameter of the curls that you are going to achieve. If you are looking for versatility, opt for a 1¼ inch curler. "This iron size is a balance between a structured wave and a voluminous body, and it is a great option for anyone who wants their hair to be thick and healthy." To achieve a beach texture, change your traditional iron by a wand, such as the Bed Head Curlipops Tourmaline Ceramic 1-1 / 2 "Curling Iron Wand (\$ 30). So this will be useful to figure out the effect of any intermediate barrel size, such as 3/4 inches or 5/8 inches, for example. The recommended hair length for this curler size is mid-length shoulder to mid-length hair. Ray Ray Ray / Getty Images The 5/8-inch curler will give you Carrie Bradshaw-style curls, and give curls already curled a more uniform look. "This is my ideal iron option ³ a body wave," says Siskovic. If you have long hair and go for the Afro Vibe disco, I recommend this iron. It'll take a while, but it'll be totally worth it. This iron curly size is used to curl very short hair like pixie or short bob that goes above a shoulder length. The one-inch curler is ideal for a curly classic look (Hollywood Glam). Instagram / @salirasa This can also be used for some funky hairstyles like an afro or some kinky waves pressed once it's all brushed. These different barrel sizes will give you a markedly different result. Know the expert Learn what curler size you should use with our full gura, go ahead. At the same time, if your hair is thick and difficult to curl, you may want to use a smaller barrel, set a higher heat and start with tighter curls, as the strands will become more loose under their own weight. This curler is very versatile. It works in all hair lengths, from the hair to the particular length. To enhance the movement of the tousled, Siskovic likes to add small sections of tape of this iron size around the perÁmetro of the hair. "This size is also ideal for natural curly hair retouching if your curly hair needs a little polishing." Try the Conair Double Ceramic 3/4-Inch Curling Iron (\$17) to mimic these retro curls. Follow me on Instagram for tutorials and hair tips. If you were as lost as I was trying to find the perfect curly iron size for my hair to create the desired look, I hope this article has helped. Instagram / @tammyakre Hairdresser Dawn Warner loves to create hairstyles with her 2 inch Hot Tools Pro: How do I know the curly size I need? In addition to anything in between, there are also barrel sizes that range from small to large, meaning an inch at one end to an inch and a half at the other end of the barrel and vice versa. The smallest barrel is only a third of an inch (or 9 mm) and will get you some tight curls from the corkscrew; the largest barrel is 2 inches (or 55 mm) wide and will help achieve a very loose wave on longer locks. That's how Chris Jones uses Hot Tools Pro 1-inch Barrel Curling Iron, turning the short blunt bob into a short textured bob: 1 1/4 inch Curling Iron The next size is one and a quarter inch. It is the perfect size to give definition to rebel rings after air-drying their locks, and can also be used to shake details. However, you may also feel frustrated by not getting tight curls or beach waves you want, and the size of the iron curly barrel may be the reason. "I love using this size iron to achieve a fake blowing look because it offers a lot of body and volume with the option of finishing with rounded ends or a very subtle wave", says Siskovic.We love the 24K Gold Curling Iron/Wand Hot Tools (\$60) for this look. "The curler of this size is ideal for a beach wave, creating texture or using it to curl and create a looser, more modern version of the old Hollywood atmosphere", says Rubenstein.
